# Pollution Solution!

A musical  
by Diane Doyle

Join the summer fun with this musical romp that will entertain kids as it teaches them about caring for our earth – keeping it green and keeping it clean from litter and urban run off. Supporting Long Beach's litter-free campaign, POLLUTION SOLUTION! offers lessons for litter bugs to promote the three R's: Reduce, Reuse, and Recycle. Filled with fun songs and important information about protecting our planet, this show is great for the entire family. Each of us is the Pollution Solution!

Performances will take place throughout Long Beach parks in all nine districts during July and August. Our kickoff performance will be held at International City Theatre, at the Long Beach Performing Arts Center, 300 E. Ocean Blvd., on July 22 at 11 am as a special performance in conjunction with our Free Saturday Family Theatre Series. For a schedule of performances visit our website: [www.ictlongbeach.org](http://www.ictlongbeach.org) or call 562-495-4595.

**For Saturday, July 22 performance RSVP to Lee at (562) 495-4595 ext. 12**
